

## Features

- Priority Select™ feature allows service personnel to designate which cylinder is considered primary.
- Complete System includes Automatic Changeover, and Hoses
- Installation is quick and simple

## Benefits to Customers

- Ensures a continuous supply of gas
- Eliminates the need to change cylinders
- Eliminates the need to call for service

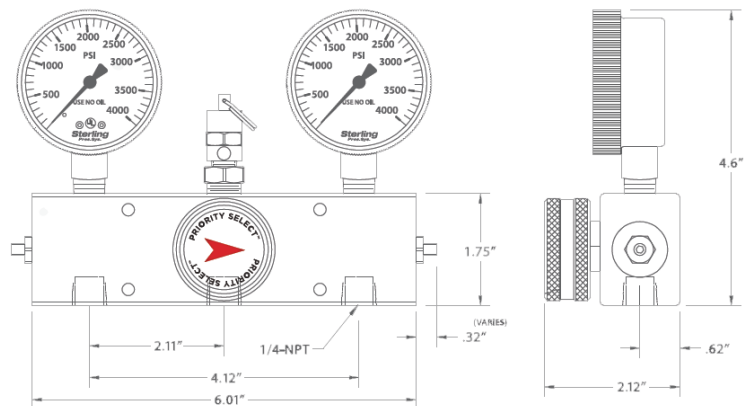

## How does it work?

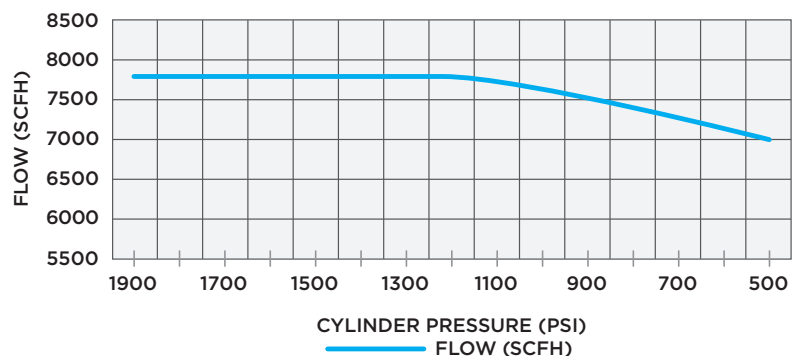

The Infinity™ Auto Changeover senses a depleted cylinder and automatically switches to the reserve cylinder.

## Benefits to Suppliers

- Eliminates emergency calls
- Requires no location involvement
- Increases customer loyalty
- Optimizes route planning
- Note: 2-6 Cylinders may be connected in any configuration using standard pigtailed. Hose assemblies are priced individually.
